

**NEXT-VIS SAMPLE** Full instructions available at [www.nevergray.biz/next-vis](http://www.nevergray.biz/next-vis)

**A. Open NextVis (NVO) Stencils in Visio Drawing**

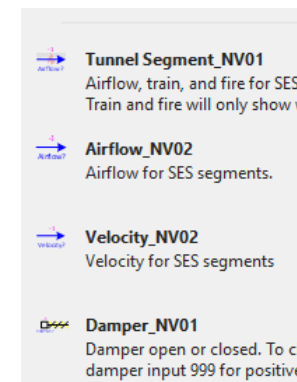

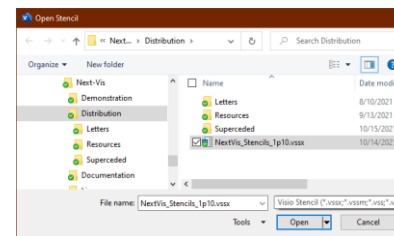

1. If “Shapes” are not open (typically on the left), open them under “View>Task Panes>Shapes”.

2. If Shapes, click “More Shapes” then “Open Stencil”

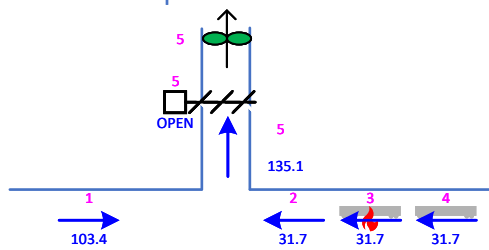

3. Find and open “NextVis\_Stencils\_1p10.vssx”

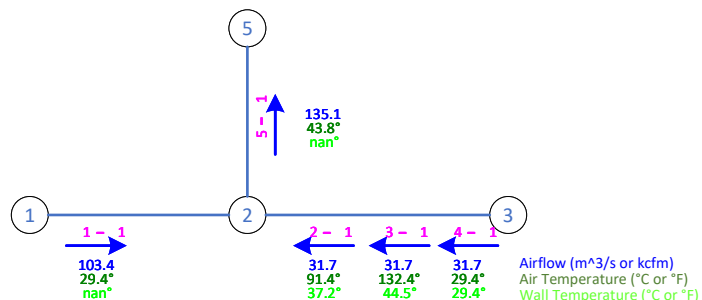

**B. Diagrams for inferno samples from SES 4.1 or 6.0**

Click and hold to drag a stencil over a stencil from the Next-Vis Shapes.
